## EDUCATION

### University of Engineering and Technology, Taxila Pakistan — BSCS, Computer Science

Sep 2015 - Sep 2019

Worked on different Projects using Python, JavaScript, Java, C++, SQL, HTML, CSS, Flask, Django, React.js, Node.js, TensorFlow, PyTorch, Keras, Scikit-learn

### Punjab Group Of Colleges, Kot Addu Pakistan — FSc Pre Engineering

August 2012 - June 2014

Acquired a solid foundation in mathematics and physics.

## Certifications

Search Engine Optimization

DATA ANALYTICS AND BUSINESS INTELLIGENCE

Data Analysis With Python

Sulymaniah Khamseen Street

Tabuk, Saudi Arabia

(056) 290-9256

gmkhan670@gmail.com

## SKILLS

Python, Django, Flask, Machine learning, Natural Language Processing (NLP), Object detection, TensorFlow, PyTorch, Scikit-learn, Data analysis, SQL, MongoDB, REST API's development, Database management, Web scraping, CI/CD, Amazon Web Services, Team Player, Quick Learner, Project Management

## Projects

**Point of Sale** (Desktop application using WPF and SQLite.)

**HomeSwipe AI** (Detects home style, objects, and recommends to users)

**Omgalthakaa Website** (Developed English and Arabic versions of the official website.)

**Object Tracking System** (Object detection using Yolo8 on CCTV footage for security.)

**Football Sport Tracking System** (Real-time tracking of players, referees, and goalkeepers.)

**Live Threat Detection** (Network security project using TensorFlow and Keras.)

**Realtime Parsing and Translation**

## LANGUAGES

English (Professional)

Urdu (Native) Punjabi(Native)

Arabic (Beginner)
